WARNING SOUNDED.

Boarding of Gold Causes Alarm.

Francis Oppenheimer Sends a Note of Caution from Berlin to London.

Letters Trying to Pay Their Bills With Postoffice Notes and Other Paper.

New York and Chicago Notice McAdoo They Are in No Need of Treasury Notes.

BY DIRECT WIRE TO THE TIMES: BOSTON, June 12.—[Exclusive Dispatch.] Sir Francis Oppenheimer, British Consul at Berlin, has wired to London that unusual reports are looked for with considerable interest in the financial service, draws attention to the following: "The news of the sinking of gold by Germany and sending a warning note. The present situation of the money market, he says, have their origin in the financial crisis when considerable amounts of foreign money were withdrawn and the difficulties have accumulated since that period. Various new laws have been devised to meet these difficulties."

Bankers have been forced to keep large sums, and aside from various associations, the directorates of the "Bundesbank" have attempted to educate the public in "payment without cash" and without gold. Moreover, large industrial works are adopting the practice of giving only wages in small notes, which are made to popularize the use of checks. There is no doubt that the political climate disappears, and it is expected that their re-

turn will be sent to the United States.

The patterns are in the Men's Room, of different patterns and colors.

Sixty-third Congress.

TO POKE HOLES IN TARIFF BILL.

La Follette Alone Plans to Talk Over a Week.

Has Amendments to Make It Into a New Measure.

Absent Democrats Asked to Get Back on the Job.

BY A. P. NIGHT WIRE TO THE TIMES
WASHINGTON, June 12.—The Democratic "Steering Committee" of the Senate was called into action late today to clear the way in that body for the tariff revision bill. As a result of the meeting and of reports received from the Finance Committee members of the "Steering Committee" said tonight that they believed the tariff bill would get back into the Senate before the end of next week.

Senator Kern called the party managers today after reports had become general that the Democratic tariff caucus would have to be postponed until the Senate's West Virginia coal strike has been investigated. It is determined to secure an agreement between the Senate and House upon the Sunday Civil Bill, now in dispute, and Senator Jones' single-handed filibuster, which has been doing business for over a week, and to remove all other obstacles to early action on the tariff.

QUICK ACTION ON TARIFF.

The "Steering Committee" was informed by Senator Thomas, who also is a member of the Finance Committee, that the tariff bill could be completed and returned to the Senate next week. Several other members of the Finance Committee, however, expressed doubt, despite the probability of this being accomplished.

Recommendations were made early in the day by several Democrats prominently identified with the administration, that the Democratic caucus be deferred until Senators Swanson, Shields and Martin had returned from their work with the investigating committee on West Virginia. The narrow margin in which the administration forces control the Senate in support of the President's wool and sugar programme makes it necessary, in their opinion, to have all Democrats in the Senate, and the Democratic members of the committee will be called back from West Virginia to participate.

ADVANCE FREE SUGAR.
Free sugar in three years and free wool in three years are the demands of the tariff conferees. The party advanced another stage today without suffering alteration, when the Democratic members of the Finance Committee approved them as they passed the House. These schedules are now up to the Democratic caucus.

The caucus vote on sugar and wool will end all controversy as to whether President's sugar and tariff policy is to receive the party support. The party leaders do not anticipate now that more than three Senators will refuse to support the schedule, and if there are any other losses than that the bill can be passed with the vote of the Vice-President.

TIME'S UNDECIDED.

The committee voted, however, to leave open for the present the time at which the rates of the new schedules will become effective—whether at the enactment of the tariff law or at a later date. That will be determined after all the schedules have been approved.

An amendment for a duty of 15 per cent. on cotton on raw wool was beaten by a vote not made public. The Stone subcommittee was unanimously in favor of no duty.

The sugar schedule was reported favorably by Senator Wilson's subcommittee.

An amendment to strike out the provision for free sugar after three years was voted down.

"We acted on some other amendments," said Senator Simmons, chairman of the committee, "but we are not going to talk about them."

The party also adopted the glass schedule approved by the Senate, which increased the duty on unpolished, cylinder, crown and common window glass in small sizes from seven-eighths of a cent to one cent a pound.

REPUBLICANS AX.

Republican leaders in the Senate are preparing for their fight against the tariff bill.

Senator Penrose, Republican member of the Finance Committee, is to lead the opposition on the floor. The bill is reported. Senator Smith of Michigan is to lead the fight against the sugar schedule, and Senator Root will command the anti-tariff debate.

Senator La Follette, who has amendments which amount practically to a new bill, plans to make a speech that will extend over a week. The minor members of the Finance Committee are already at work on their report.

Majority members of the Finance Committee have told their confederates of subcommittees in the Underwood bill, resuming discussion of the wool schedule. It was reported that the subcommittee, in addition to setting up its own committee on the free list, had not transferred steel ingots and billets to the free list because the House had steel rails in the undutiable class.

URGE ALASKAN LEGISLATION.

President is Again Asked to Approve Immediate Steps for Railroad System.

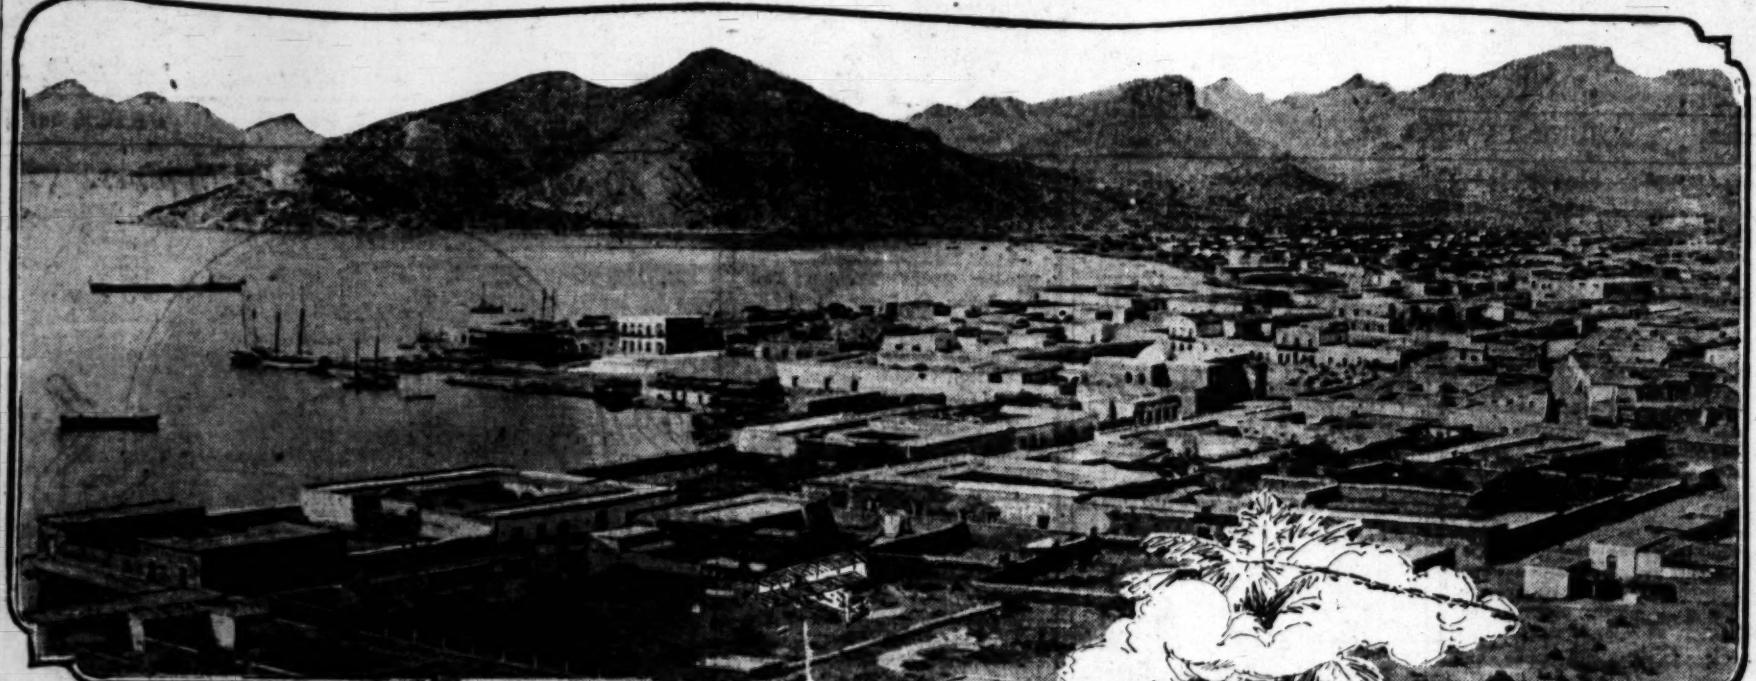

BY A. P. NIGHT WIRE TO THE TIMES
WASHINGTON, June 12.—Another effort to secure the President's approval to immediate steps toward passing Alaskan legislation for a governmental railroad system was made today by Senator Chamberlain in a conference with President Wilson at the Capitol.

Senator Chamberlain said the President had expressed himself as sympathetic with the proposed Alaskan legislation, but had yet failed to recommend its consideration in the present session while tariff and currency reforms still are undiscussed. The Alaskan bill agreed upon by a subcommittee of the Senate Territories Committee is now before the President.

If the efforts to secure action on it at the present session fail, it is expected that it will be urged for consideration by the President at the December session.

Wilson at Capitol Again.
WASHINGTON, June 12.—[By A. P. Night Wire] President Wilson made another visit to the capitol late today and had several conferences in his room there.

BY A. P. NIGHT WIRE TO THE TIMES
STAMFORD (Conn.) June 12.—Four persons are dead and many injured, some seriously, as the result of a rear end collision on the main line of the New York, New Haven and Hartford Railroad, opposite the local passenger depot, this morning, when a freight train, consisting of a locomotive and a long train of tank cars, plowed into the first section of the Springfield express, which was bound for New Haven. The accident occurred at 6:30 a.m. The locomotive plowed into the rear of the express, which was bound for New Haven.

FIRE WIRE TO THE TIMES

SACRAMENTO, June 12.—[Exclusive Dispatch.] You are near-crazy, if not surprised if an official presents himself and unashamed to see that you do not get off the way crazy. The Legislature of the State of California, with the support of the Governor, has proposed for a new class of office holding a new title to be used for the registration of factories. Such registration shall be with the Bureau of Labor Statistics giving the name of the owner, the name under which the business is carried on, location of the plant, the address of the general office, the name and address of business, and such other information as the Commissioner of Labor shall require.

Assembly bill No. 1342, regulating the use of elevators on buildings under the course of construction.

ACCUSE SOCIETY WOMEN.

Wife of Tacoma Engineer, Leader in Club Circles, Charged With Being Slave.

BY DIRECT WIRE TO THE TIMES.

TACOMA, June 12.—[Exclusive Dispatch.] One of the most sensational cases which has arisen in Eastern Washington for several years, will be heard in the courtroom, and the tongue wagging again today when word was received from Washington that the nomination has been held up at the request of the President himself.

It was reported recently that Senator Woodrow Wilson had held up the nomination of Thomas Fox as postmaster at Sacramento, and the tongues were set wagging again today when word was received from Washington that the nomination has been held up at the request of the President himself.

There have been protests direct to the White House since the nomination went in. It is safe to say, that it never would have gone in if President Wilson had known as much about the local situation as he does now. But he knew nothing personally about the candidates, and Fox with the endorsements of the politicians, got by Postmaster-General Burleson and the President took Burleson's word for it that Fox was the man.

Since then local Progressive Democrats have energetically protested against the confirmation of Fox. The investigation has been conducted by the Senate Committee, and the Senate has voted to sustain the nomination.

The investigation convinced the official that Mrs. Vanarsdale was compelled to the delinquency of Nella Hall, aged 19, the alleged victim of the girl.

Seattle, president: Myron Hunt, Los Angeles, vice-president: J. E. Cote, Seattle, secretary: W. C. Hayes, San Francisco, treasurer. Seattle was chosen as the next convention city.

TALLAC CONVENTION AS OPPOSED TO USE OF THE TERM "NATIVE DAUGHTERS" FOR ADVERTISING PURPOSES AND PICKS YOSEMITE FOR NEXT MEETING.

BY A. P. NIGHT WIRE TO THE TIMES.

TALLAC (Cal.) June 12.—The business of the Grand Parlor, Native Daughters of the Golden West, is being dispatched so rapidly that the officers probably will be elected tonight.

As there are several contests, the result will not be known until late.

The contests are of good nature, although the candidates are electioneering industriously.

The Grand Parlor pledged today the sum of \$2500 for the erection of a monument to the pioneer mothers of California on the Pacific Coast.

Westmoreland Place

The Highest Class Property in Los Angeles

for Hotels, for Residences, for Apartments

HAS IT ever occurred to you that the *really desirable* sites for strictly High-class Hotels and Apartments in Los Angeles, that are available, are restricted to only a *very few* localities? Within a half dozen years or so, when the city has reached a population of a million or more, there will be a still greater scarcity of this class of property. *Westmoreland Place* is unquestionably the *most desirable* Hotel and Apartment House property in Los Angeles today—and always will be. It is equally desirable for Residences—owing to the environment, which has been and always will be maintained, befitting the elegance and dignity of the property. Viewed purely from an *investment standpoint*, *Westmoreland Place* positively offers opportunity that is unique—that is probably without parallel, in even the most exclusive sections of the principal cities of Europe or America. For further particulars, apply to the undersigned:

WESLEY CLARK & CO.,

Paid-in Capital
and Surplus
\$16,884,000.00.

Founded 1866. Established in Los Angeles 1895.
Incorporated under the laws of California 1899.

The Largest and Strongest Financial Institution West of Chicago

—you can get 6% interest on your money from the largest and strongest financial institution west of Chicago as well as the most colossal and most successful concern of its kind in the world. Every dollar of your money will be backed, protected and guaranteed by nearly seventeen millions of dollars paid-in capital and surplus of the Los Angeles Investment Company.

6% Interest Paid

—you may invest any amount from \$1 to \$10,000 (in the form of a Gold Note) for from 90 days to five years. This money is being used for the purpose of building up our fifteen million dollar tract.

Money Back for 47 Years

—since 1866 NEVER have investors in this Company, or its predecessors, failed to get their money back in FULL on demand. Over 30,000 people are now owners of Los Angeles Investment Company stock or Gold Notes—thousands of them getting 6% INTEREST on their money under this plan—make your investment today—\$1 will start you.

Ask for Literature
—send your name and address for literature regarding this convenient form of 6 per cent investment.

Diarrhoea Prevented

"An ounce of prevention
is worth a pound of cure."

An overcooked condition and a glass
of ice water, a few extra spoons of sugar,
some fruit, eating unripe fruit, or
drinking impure water may turn a well-
regulated stomach into such a condition
as to cause more distress than a cold, and
perhaps more common of all summer
complaints—Diarrhoea.

Avoid this pitfall, as well as ptomaine
poisoning, chills, cramps, stomach aches
and other intestinal disorders
by taking a tablespoonful of
Duffy's Pure Malt Whiskey in water occa-
sionally during the day, especially be-
fore eating.

If any of these complaints have al-
ready taken hold,

Duffy's Pure Malt Whiskey

is a sure remedy and will bring quick
relief.

Most druggists, gro-
cers and dealers, \$1
a large bottle. Be
sure you get the good
stuff, substitutes and
imitations are injuri-
ous. Medical book-
lets, also doctors' ad-
vice is free to any-
one who writes.

MRS. WILSON POURS TEA.

Entertains Civic Committee at the
White House—President Likes
Country Club Golf Course.

[BY FEDERAL WIRELESS LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE
TIMES, June 12.—[Special Dispatch.]

Mrs. Wilson, assisted by Miss Wilson,
held a reception at the White House
this afternoon for the members of the
district committees of the city
and their families and the committee
of fifty, representing the various phil-
anthropic organizations engaged in
civic problems in Washington, of
which Mrs. Wilson is a member. The
reception was held in the East Room
and the reception was

WEDNESDAY WIRE TO THE TIMES.

CHICAGO BUREAU OF THE
TIMES, June 12.—[Special Dispatch.]

DR. W. TALLMAN, No. 115 South
Michigan avenue, The doctor, who
asked for a jury trial,

Mrs. Arkless says that after being
in Dr. Tallman's office a few mo-
ments he threw his arms about her
and tried to raise himself from his
chair. He only held on all the tighter,
she told the police, squeezing her so
that she almost fainted. The doctor
was wholly informal.

CHICAGO FEARS INCOME TAX.

Objects to Giving up Part of Street
Car Revenue to Support the Gov-
ernment.

[BY FEDERAL WIRELESS LINE TO THE TIMES.]

CHICAGO BUREAU OF THE
TIMES, June 12.—[Special Dispatch.]

Unless something is done, and that
very quickly, the new Federal income
tax will reduce Chicago's tax
revenue from the earnings of the
traction companies. Mayor Harrison
is of the opinion that "we should act
without delay."

Mr. Beckwith, corporation Counsel today
hurried preparations he was making for
starting for Washington, where
he will appear before the Ways and
Means Committee of the lower house
about the end of this month.

The Spanish legation will soon be
raised to the rank of an Embassy and
will make the twelfth diplomatic
offices in the city. Hon. Lauri Muller,
Minister, Senior Don Donas, has
taken a cottage in Newport for the
summer and a second cottage has
been taken for the members of the
staff. The legation will be moved
within a short time.

ATTACHE MEETS KAISER.

American Officer at Berlin Is Pre-
sented at Court and Is Given Lunch
by the Kaiser.

[BY CABLE AND A.P. TO THE TIMES.]

BERLIN, June 12.—Capt. Albert P.
Noblack, the retiring American naval
attache at Berlin, today presented his
successor, Lieutenant - Commander Walter R. Gherardi, to Emperor Wil-
helm. The two officers were invited to
lunch at the Hof. Many of the guests
of the officers of the guards cavalry
division, in their mess at the Doeber-
itz camp.

CONVICT KILLS GUARD.

Escaped Canon City Prisoner Is
Killed by Man Who Tried to
Arrest Him.

[BY A.P. NIGHT WIRE TO THE TIMES.]

CANON CITY (Colo.), June 12.—

John B. Russell, captain of the night
guards at the State Penitentiary here,
was shot and instantly killed early to-
night at Lavalet by Conley Baldwin, an
escaped convict whom he attempted to
arrest. Russell shot Baldwin, who
died late today.

JUDGE LOOMIS PRESENTS.

Judge Loomis presented the
General what action he
should take. He said he
should stand by the
attorney general.

JUDGE LOOMIS PRESENTS.

Mr. Loomis presented that
the road was in good
condition, but the
attorney general
said he would not
allow the road to be
closed.

JUDGE LOOMIS PRESENTS.

Judge Loomis said that
he would not close the
road to the public
but would let the
attorney general
know of his action.

Warren Austin Pike Marries Philadelphia Girl at Elaborate Ceremony in Quaker City.

(BY DIRECT WIRE TO THE TIMES.) PHILADELPHIA, June 12.—[Exclusive Dispatch.] An interesting wedding took place this afternoon at the residence of the bride's mother, Mrs. C. J. Heron, No. 1737 Spruce Street, where her daughter, Miss Eugene Heron, became the bride of Warren Austin Pike of Pasadena, Cal., the Rev. Dr. J. Frederick Driggs, performing the ceremony.

The bride, attired in a exquisite gown of ivory-white Duchesse satin with princess lace. Her veil composed of tulle and lace, was artistically arranged with orange blossoms. She carried a bouquet of white roses and white rose petals.

Mr. Pike, matron of honor, wore a handsome gown of shell pink charmeuse effectively draped with shadow lace. She carried a shower bouquet of pink sweet peas. The bride's sister, Miss Josephine Heron, was maid of honor. She was taken in a gown of turquoise blue charmeuse, draped with shadow lace and carried a shower bouquet of pink sweet peas.

Theodore Armstrong, Jr., was best man. The reception followed the ceremony for the family and relatives.

MRS. GLOVER INJURED.

Wife of Son of Late Mrs. Eddy, Head of Christian Scientists Struck by Automobile.

(BY DIRECT WIRE TO THE TIMES.) DEADWOOD, S. D., June 12.—Mrs. George W. Glover, wife of the son of Mrs. Eddy, founder of the Christian Science Church, was seriously injured today, being struck by an automobile in the highway near her ranch here.

HOW DRUNKARDS ARE SAVED

Men and women who have become mastered by the craving for drink, can be saved only by proper medical treatment. Censure, fines and imprisonment will not reform them because they have drunk until the craving and necessity for drink has become stronger than the will-power to resist. If you drink, or have relatives, friends or employees who drink, it is your duty to investigate the Neal Drink Habit Treatment, which is a safe, sure vegetable remedy that removes the appetite, craving and necessity for drink in three days, without the use of hypnotic injections. The Neal Home Treatment is the same as the Institute Treatment and can be arranged for those who desire it. Call at the Neal Institute, 945 South Olive street, Los Angeles, or 160 Hill street, Ocean Park, Cal., and get our proofs and references, or write or phone for book of information. Phones Broadway 4602; A4072. DRUG HABIT SUCCESSFULLY TREATED.

A \$5000 Home Free!!!

A beautiful, artistically framed souvenir picture of the view of mountains and city from Belle-Mead, reproduced in 5 colors, will be given to every one of our guests holding an authenticated coupon ticket, issued by our office, next Sunday, June 15th. This charming lithochrome landscape, originally done in oil by Artist Claude G. Putnam, has been reproduced with the minutest care and faithfulness in every detail to make it absolutely worthy of this splendid painting. It is a harmonious, dainty, colorful work of art that you'll be glad to hang in your library or den.

For That Free \$5000.00 Home—fill out the ballot that will be given you and hand it in—that's all you have to do.

You're to specify on this model home, and why.

If the lot you name is the one the judges will decide upon, and if your reasons are the best given—you win, ABSOLUTELY FREE OF COST TO YOU, THE FINEST \$5000.00 HOME IN THE WORLD.

The place will be chosen from all those submitted in competition by Southern California architects.

Come out Sunday—enjoy the wonderful view—breathe the fresh, pure air—receive a beautiful 5-color framed landscape—partake of a delightful luncheon and enter your ballot in the \$5000.00 free home contest—all absolutely free.

Dainty Summer Dresses
Inexpensively Priced
Styles for Women and Misses

So charming in design and decoration, so new looking and seasonable and withal so moderately priced, are these Washable Frocks that no one would even think of employing a dressmaker for such wearables.

At \$5.00 is a line of Voile Dresses in narrow stripes of various dainty colors. The collar and turn-back cuffs are of white batiste, embroidered in colors.

At \$10.00 there is, among other styles, a line of Balkan Dresses, both white and colors; the collar and cuffs are embroidered in colors, heavy girdle of rich col-

and satin.

And at the same price there's a lot of plain colored Rattan Dresses with collar and cuffs embroidered in Bul-

garian colors.

At \$12.00 you may choose from a new shipment of dainty Voile Dresses in a variety of Pompadour printings. These are tastefully trimmed with good laces. Every fashionable summer color is shown.

Seasonable Tub Goods *

White Crepes in dainty colored floral and striped designs for house dresses or street wear, 27 to 30-inch, on sale at 25c.

Poplins, yarn mercerized Poplins for summer suits and dresses. White, black and nearly every color. 27-inch, 25c and 35c.

Linen Suiting, the best of Irish Linen in the most popular suiting weaves, brown, green, navy, black, white and natural, 45-inch, 60c.

Children's Dresses 1-4 Less

If you have a little girl between 2 and 6 years, bring her in and let us fit her to a half dozen of these pretty White Dresses. The saving is real, not imaginary.

Lace and Embroidery Trimmed Dresses, in blouse or straight effects, a lot of pretty styles worth from \$1.50 to \$6.00, now 3/4 Less.

Middle Skirts from 6 years to 40-inch bust, at \$1.25 and \$1.50.

Middy Skirts from 6 years to 18, at \$1.50. Middies, Balkan styles, 14 to 20 years, \$1.50.

Clean-Up of Draperies

Twenty pieces of Drapery Stuff are listed to find new owners today. The styles and prices insure their going.

The lot comprises fancy Madras and Swiss, cotton, silk and fancy colored effects suitable for living-room, bedroom or den. Widths range from 36 to 50 inches.

65c and 75c values, 39c; 90c values, 65c, and a dozen or more styles worth 35c, at 25c. You ought to see this lot, and see it before the choicest styles are taken.

Bogus Check Passer's Defense That Headaches Caused Losses of Memory, Found Unstable.

Earl H. Davenport, alias Decker, was found guilty yesterday of having passed a fictitious check, by a jury in Department Eleven. The court will sentence him Monday. Davenport is a long prison record back of him.

Davenport's only defense in the present case was that he never remembered passing bogus checks, owing to severe headaches which caused him to have losses of memory.

District Attorney Kates put the defendant through a careful cross-examination which showed him to be alert and mentally sound, to the satisfaction of the jury.

Other witnesses will be Albert C. Martin, W. H. Austin and Charles E. Richards, experts selected by Mr. Hatch, Capt. Fredericks and the Sons of the Grand Army of the Republic.

Building Inspector Charles of this city, his chief clerk, G. W. L. Young, chairman of the Empire Day Committee; Councilman Topham and Mrs. Maggie Hand will doubtless be subpoenaed.

ALERT, MENTALLY SOUND.

Standing Pat.

NOT ANOTHER CENT FOR STATE BUILDING.

NOT another cent for a State building, was the flat decree handed down by the Southern California Panama-Pacific Exposition Commission at a meeting at the Chamber of Commerce yesterday.

This decision followed discussion of the question from all angles and reiteration of the demand that a portion of the \$5,000,000 voted by the taxpayers be used to erect a State building in connection with the San Francisco exhibition.

The demand to charge the counties \$2.50 per square foot for exhibition space in a building to be erected purportedly on San Francisco's part of the \$5,000,000 funds was condemned in no uncertain language.

"We stand pat on our previous ultimatum to the Governor and the State Exposition Commission to show cause for the wilful diversion of funds to purposes other than those intended by the people," said Commissioner James A. Jasper of San Diego county.

Similar expressions of opinion came from Commissioners F. A. Shiple of Ventura county, W. W. Wilson of Orange county and Supervisor Cran of Riverside county.

Other counties of the State are in sympathy with the attitude of the Southern California Commission was evidenced by letters received from the County Clerks of Butte and Tulare, acknowledging receipt of drafts of the resolutions adopted by the Southern California Commission ten days ago.

One of the letters it appears probable that some action similar to that taken here may be taken by the Supervisors of those counties.

Formal acknowledgement of the receipt of the resolutions was made by the Secretary of the Governor's secretary.

No word has yet been received from the State Exposition Commission nor from officials of the Exposition Company, to whom drafts of the resolutions were also sent.

Another meeting of the commission will be held as soon as definite word from the other side is received.

MISS WOOD ENGAGED.

Society Informed Last Night at Dinner Party—Joy Clark Is the Happy Man.

The engagement of Miss Florence Wood and Joy Clark was announced last evening at a dinner party at the home of her parents, Mr. and Mrs. Charles Modlin-Wood, No. 20 St. James Park. These guests were present: Mr. and Mrs. E. P. Johnson, Mr. and Mrs. Katherine Johnson, Mrs. Vera Bader, Mrs. Frank Smith, Mrs. Francisco Ossorio, Mrs. Selling and Dr. and Mrs. Baker P. Lee.

Miss Wood will return to Los Angeles in September, when she will be graduated from the University of California.

Miss Wood was educated at Mar-

ket College. She is well known in society. Mr. Clark came here recently from the East and engaged in the real estate business.

Mr. and Mrs. Wood returned recently from New York, where they visited their daughter, Miss Ellen Bader Wood, who is studying music there under Mme. Torpadi. Miss Wood will return to Los Angeles in September, when she will be graduated from the University of California.

"BAD-RECORD" MEN.

Herbert Wagner and John Morton, declared by the police to be bad-reputed, were arrested yesterday for the installation of a new system water distribution, drainage and all of the other things necessary for the development of a city, but apparently the city officials also failed to do their duty to get these things. We stand willing to treat on the subject of annexation in any form." He casually mentioned the subject of the Exposition. "The Exposition in carbide lights the recent bond election to belittle the San Fernando Valley and deprive that fertile stretch of its proper rights.

The License Case.

HOLD THOMPSON IN HEAVY BAIL.

Alleged Briber Can't Give It; Goes to Jail.

Grand Jury Is Expected to Indict Him Today.

Ten Years in Penitentiary Maximum Penalty.

Edwin W. Thompson, the man who is alleged to have attempted to buy \$2500 worth of saloon license from the Police Commission by the simple expedient of sending a check for the amount to the Secretary of the Commission was arraigned yesterday afternoon by Police Judge Williams, and held to answer in \$10,000 bail for attempted bribery. No endeavor was made by his attorney, J. Kelly, to secure the amount, which he declared quite beyond the power of his client to raise.

The grand jury will resume consideration of the case this morning and an indictment is expected to quicken the steps of Kelly in his efforts to secure a reduction of the bail when Thompson is arraigned on the anticipated grand jury finding.

Mrs. Jeannette E. Fickelssen, who Thompson says is the cause of his financial逆境, was issued a subpoena and will be a witness today. Whether or not an indictment is found against her depends upon the way in which the inquisitorial balance the conflicting stories told by Thompson and Mrs. Fickelssen.

The grand jury will resume consideration of the case this morning and an indictment is expected to quicken the steps of Kelly in his efforts to secure a reduction of the bail when Thompson is arraigned on the anticipated grand jury finding.

EXPLANATIONS NEEDED.

Det. John J. Kelly, who arrested Thompson and was present when the man was confronted by Mrs. Fickelssen, is inclined to believe the worst. Others who have talked to the prisoner think that he blunderingly tried to comply with what he believed to be the law, but by the District Attorney's office, Asst. Dist. Atty. Ford, and Deputy Veitch think there are a lot of things which will use up quite a batch of explanations in connection with the case.

It is pointed out, for instance, that Thompson has lived here for about eight years, during which time he has been the local agent for several brewing companies and the defendant is in such a position could remain that long in ignorance of the method by which licenses are granted.

It is not believed, by the officers, that he was acting in the matter for a big brewing company not altogether unrelated to the city made famous by hop brew. If this assumption is correct, there is some question as to why Thompson was permitted to make the tender so openly. If, too, Thompson was merely the "innocent bystander" the question is suggested, why the double envelope system, and the \$100 note \$100 more than promised?

TRAFFIC IN LICENSES?

Mrs. Fickelssen alleges that it has been customary for agents to receive large sums for "arranging" liquor licenses, a part of the money going to property owners for their consent to the establishment of the saloon. A high as \$22,000 has been paid, she asserts.

Mrs. Fickelssen sticks to her original statement that she thought Thompson a man who would offer to give her influence to secure him. It is stated that the man's attention was first directed to her by an advertisement of a saloon for rent, and when he was told that a change of \$20,000 was to be paid, he was acting in the matter for a big brewing company not altogether unrelated to the city made famous by hop brew.

If this assumption is correct, there is some question as to why Thompson was permitted to make the tender so openly. If, too, Thompson was merely the "innocent bystander" the question is suggested, why the double envelope system, and the \$100 note \$100 more than promised?

FEMALE BARBERS.

Romance Is Her Plight—She's Haled Into Court Charged With Assaulting Hubby.

No halo of romance descended on the fair head of Gladys Runyon Magr yesterday when she said she is a "lady barber" at a shop on South Main street. She was charged with having attempted to assault her youthful husband with a razor. In lieu of bail she was committed to the County Jail for the night.

H. Magr, her father-in-law, said he has lived in Los Angeles all his life and never was in a courtroom until his son got married.

"I first tried to have the marriage annulled," he said. "This is a divorce suit pending now. She charged my boy with non-support on one occasion. I will gladly give her money to go away. I am ashamed to have my name mentioned in the papers."

Gladys seemed surprised. She is 19 years old and admitted that she is no stranger to Juvenile Court procedure. She denied any attack on her hubby, but on her arrest yesterday her attorney said she不懂 things about the Magr family. She will be given a preliminary hearing today in Justice Summerfield's court.

BOTH TUNNELS RECOMMENDED.

SPECIAL COMMITTEE SEEKS NEED OF TWO BIG BORES.

Detail Plans Prepared for Council's Action, and Reedy's Half-way Scheme Condemned by One of the Associations—Boulevard Would Help Both Ends.

The First-street and Second-street tunnel projects are to go before the City Council as one proposition to stand or fall together. So the Special Tunnel Committee decided yesterday, after a hearing that lasted several hours and during which many divergent ideas were presented. It is probable that the Council will be asked to order the ordinances of intention at its next session.

There were those who favored the Second-street tunnel, but not the one at First street, that they were more feasible. The Special Tunnel Committee decided yesterday, after a hearing that lasted several hours and during which many divergent ideas were presented. It is probable that the Council will be asked to order the ordinances of intention at its next session.

Proud Is the Day.
MARCHES ON TO
GOD'S COUNTRY.

Philosopher of Fun Points
Out the Way.

Commencement Demonstration
of Local University.

Thousands Witness Parade
and Award of Diplomas.

In the presence of 8000 persons, the commencement festivities of the University of Southern California reached their climax yesterday in the graduation exercises in the Auditorium.

To the music of the great pipe organ, in the hands of Walter F. Steele, dean of the College of Music, the academic procession entered the Auditorium by the Olive-street en-

trance, having formed at the First Methodist Church and marched diagonally through Central Park. It was a dominant display of college decorations and typical graduation costumes that drew a large crowd of spectators to the park to witness the spectacle. More than 400 persons marched in the procession—a demonstration calculated to impress upon the minds of the world at large the importance of the institution in the life of the city.

Two persons probably know that on the day during which those 322 graduates marched, there were 2500 students, and possibly there are many other persons who have not thought of the impress that its 322 graduates must necessarily make upon the minds and mental attitude of the world.

It may not be overexalting the commercial side of the university to call attention to its importance in the direction that those interested might not care to discuss in this connection. The receipts of the College of Liberal Arts last year were well up toward \$100,000, and the disbursements of the nine colleges in the aggregate reached into the hundreds of thousands of dollars.

"GOD'S COUNTRY."

When the great procession had taken the assigned seats the audience arose and sang "America," followed by the invocation by Rev. Alfred Ireland, and the introduction of Dr. Robert J. Burdette, speaker of the day.

Dr. Burdette took for his topic, "God's Country." He is in precarious health, but the spirit of wit and humor was none the less brilliant and happy, though before the audience had dispersed from the Auditorium he was already on a railroad train speeding westward to the Yosemite valley in company with Mrs. Burdette.

He began with a text taken from Genesis xii: "Get thee out of thy country and from thy father's house unto a land that I will show you; and I will give it thee, and to thy name shall be great." He spoke in part as follows:

"Hearing this command and promise, which is fresh and clear today as it was nearly 2000 years ago, as it is to-day, we may be sure it is now.

He served three of the strongest ties that bind a man to old associations and customs—country, home, kindred—to follow the leading of God.

Academic Procession University of Southern California.

The lower picture shows the head of the procession, which consisted of 322 graduates and post-graduates and about one hundred members of the faculty and trustees of the university. Above, Dr. Robert J. Burdette, commencement orator (left), and Dr. George F. Bovard, president of the university.

"Because his title-deed covered every spot of ground upon which he should set his foot, the more he wandered the more he owned. So he followed on to God's country, and through the trusty power of the following year, Rev. J. B. Green, trustee of the university from its beginning to the present time, doctor of divinity; Prof. J. H. Hoose, head of the department of philosophy and a member of the faculty, doctor of law; Hon. J. McCoy, of San Francisco, for thirty years identified with the Y.M.C.A. work in this State, doctor of laws.

Hon. J. McCoy, of San Francisco, for thirty years identified with the Y.M.C.A. work in this State, doctor of laws.

Diplomas were awarded by President Burdette, in the name of the trustees, to the following graduates:

College of Oratory—Clyde Duval, Florence Amy Dunnigan, Ruth Lester Jackson, Florence McDonald, Jessie Gillette, Simonine Farnham, Lillian Jeanette Backstrand, Marie C. Gurwell, Mrs. Lou Etta Sutherland, Sarah Ruth Arnould, Eva Mae Smith, Ethel Grace Ziegler.

College of Fine Arts—Frederick Lewis Browne, Joseph Ellsworth Mark, Sarah Ruth Finney, Lorine Madeline Hilt, Fred L. Johnson, Simonine Farnham, George W. Moore—Mrs. Eunice Ferrian, Anna McCoy, of San Francisco, for thirty years identified with the Y.M.C.A. work in this State, doctor of laws.

Magna Cum Laude medal and Lottie Lane prize for highest average, both went to Arthur L. Eaton.

Honorary degrees were conferred upon the trustees by the following:

Rev. J. H. Hoose, head of the department of philosophy and a member of the faculty, doctor of law; Prof. J. H. Hoose, head of the department of philosophy and a member of the faculty, doctor of law; Hon. J. McCoy, of San Francisco, for thirty years identified with the Y.M.C.A. work in this State, doctor of laws.

Don't Swear

Don't swear if you fail to "get there" in life. It is your fault and profanity avails nothing; indeed it injures. Your chance to "make good" is before you today as it is before every investor.

Los Angeles is growing, as is all of Southern California—growing fast. Los Angeles business properties, bought right, will never be worth less, but more and more as time goes on. At least such is the opinion of all students.

Los Angeles Securities Company has bought right—good business properties at the right price, in the right places. Therefore its stock must advance. The shares are now being sold for 15 cents. Soon they will be 16 cents and later 20 cents. The terms are so easy you cannot afford to delay. One dollar (\$1.00) will start you and that start will make you a satisfactory profit.

You are urged to investigate now. For further particulars please apply to

Paul Sloep, president of the Pacific
Electric, announced this most impor-
tant of all matters pertaining to the
relief of traffic conditions to the
members of the Los Angeles Realty
Board yesterday.

In his place an "I" is in, and
that little word indicates de-
cision on the action to be taken today
by Council in granting or refusing
a franchise to permit the erection of
an elevated road from the rear of
a present station to San Pedro.

We need the help of the Realty
Board in securing this franchise and
it is clear that it will be the first step
in clearing the country by elevated
roads, traversing the city without a
glide crossing," he said. "We will
work on this as fast as possible
and at least half a million dollars
is going to be spent in giving Los Angeles a
road which will get a
man to Pasadena as quickly as he can
get to Pasadena now."

Many speak of the injury to rail-
roads and seaports because of the contin-
uous action of these public ser-
vices and pointed out that
in this it is almost impossible
to continue development work at this

time.

"There has never been a period
in our history of our com-
munity where development work
is less under way, opening new
streets and bringing Los Angeles in
line with the ever-growing
and ever-expanding business."

DO NOT HAVE HEARINGS.

Product Board said all of
its members are to co-operate
in making one of the main facili-
ties of the harbor.

"We have been working in con-
nection with the Harbor Commission
in drawing up a plan which will facil-
itate the loading of freight and pass-
enger ships in the harbor for
the purpose of getting to come," he said.

"We want have our absolute bearings
in order to know what our relation-
ship is with the seaport com-
mission and have their docks here.

It is time to formulate the pol-
icy for the future programme of har-
bor management."

Mr. James A. Fries, Corps of En-
gineers, U.S.A., the first speaker at
the meeting, was introduced by
Chairman Thomas C. McKeag. The
meeting just returned from a trip to
the Pacific, where he was accom-
panied by Harbor Commissioners Gor-
don Woodward, City Engineer
and Assistant Harbor Engineer
R. A. Johnson and several others and
it was agreed that he should not
return to the developments made
since he left here for Washington in
May.

"Not long by man, the Los An-
geles harbor is going ahead in the
proper direction and there are nat-
ural changes of great consequence
to come. Things can and are be-
ing done right, in developing this won-
derful port," he said. "The visit of
the Police to find what is being done
in the re-operation of the Salt Lake in
the work is very commendable. That
work has always been handily ab-
sorbed in these matters."

Mr. Fries did not at length the
same on the inspection of the new in-
frastructure of San Pedro and Long Beach
and the work to create cargoes for vessels
in the harbor.

MOUNTAIN FAIR NAME.

"The really people can never do too
much bringing these things to
the Pacific," he stated. He suggested
for instance, a cotton mill, a
factory grade laundry, a few
hotels, a lumber yard, a
gas plant and so on.

He added: "I am not
sure that community is going
out of its own accord, with im-
provement in the harbor frontage."

Mr. Fries said the final

stage of his views on what Los An-
geles can do at the present time to
improve the harbor frontage.

"The most important thing is to
improve the morality of our city," he
said. "This can never be done
unless we remember that we can-
not do right by licensing wrong." He
then referred to the need of more
and better public places for our
citizens or stations for our
trains and said that this should not
be done in the work of planning
the new city.

He then said about 150 prominent
men met at the luncheon, in
the room of the Los Angeles Club.

WANT TO FEED.

Mr. Norman charged with Reckless-
Driving was given a fine of \$500 when
he was found in the traffic ordi-
nance of the city, driving of a street
at an excessive rate of speed. In March, after
a long trial, he was found guilty of the charge. Ro-
bertson was released. The
trial had been delayed four
months on account of the illness of
Judge Campbell.

Mr. Norman arrested
on a charge of a minister
of justice, was fined \$500 in
March, after a long trial, he was found guilty of the charge. Ro-
bertson was released. The
trial had been delayed four
months on account of the illness of
Judge Campbell.

JOHN HARTFORD'S
WIFE.

John Hartford's wife, Mrs. John
Hartford, was charged with Reckless-
Driving when she was found guilty of the
charge. She was fined \$500 in
March, after a long trial, he was found guilty of the charge. Ro-
bertson was released. The
trial had been delayed four
months on account of the illness of
Judge Campbell.

Tunnels Recommended.

(Continued from First Page.)

urged immediate action. Letts de-
clared that he had hesitated in making
the large expenditure on his new
building, but that he felt the time
was at hand when some definite move-
ment must be made. There were
numerous other speakers of the same
trend.

STRONG SUPPORT.

Then the tunnel adherents took
charge directly and put a motion, which was given warm approval, to
the effect that it was the sense of the
meeting that the City Council
should proceed at once to carry out
the building of both First-street and
Second-street tunnels at the earliest
possible date.

Members of the Tunnel Committee
and other Council members present
then expressed themselves as favor-
able to the tunnel, and the tunnel
proponents had their way.

The committee's plan for these tunnels
provides that the First-street tunnel's
east portal be placed at the east line of
Hill street, that the tunnel approach
be forty feet in width and that a public
driveway be built between the tunnel
and on each side of the approach,
and an eight-foot walk be constructed on
both sides of First street between
Broadway and Hill street.

The plans for the Second-street
tunnel are that the west portal be
placed at the west line of Flower
street and that Second street between
Flower and Figueroa streets be ex-
cavated its full width to conform to
the tunnel grade, so that adjoining
property can be connected directly
to the tunnel approach. The
east portal would be placed west of the
east line of Olive street, and the east
half of Olive street between First and
Second streets. Second street from the
center of Olive street to Hill street
will be cut down to conform to
the tunnel grade if waivers of
damages can be secured. If this
cannot be done, the committee would
place the east portal at the east line of
Clay street.

MIDSUMMER OUTING.

University Club Membership Plans
Two-day Jinx on Mt. Lowe for
Next Week.

"Mt. Lowe on the High" is the mor-
tisitic slogan of the University Club
membership now and until after the
22d inst.

Saturday and Sunday, the 21st and
22d, the club will have its 1913 mid-
summer outing on Mt. Lowe, leaving
on special cars from the Pacific Elec-
tric Hill-street station at 1:30 o'clock
on the afternoon of the first day, and
returning the next.

"We Should Worry," "The Big
Feed," "Five Sweet Southern Sing-
ing Beauties," and a lot of other in-
teresting epigrams are on the post-
ers being sent out to members.

Several hundred members of the club
are expected to enjoy the outing.

Hold Thompson.

(Continued from First Page.)

point he declares that he balked and
took the proceedings into his own
hands, sending the amount he had
promised to Mr. McKeag and promising to produce the additional \$1000 if the price was really
\$3500 instead of \$3000.

SEEKING THE WOMAN.

There are two theories about Mrs.
Fickelissen in the minds of the police.
One of them accepts her story at its
face value; the other that she was ac-
tually acting to some outside interest
in Los Angeles. Attorney Kelly talks
darkly of "leaks" through the Police
Commission and says that in his opinion
Mrs. Fickelissen knows more about
"ways and means" of securing liquor
licenses than has yet appeared.

The check was payable to "Mr.
McKeag," but there was a condition
attached which will be brought out
before the grand jury today. It is ex-
pected, upon compliance with which the
money was to be released by the bank.

Asst. Dist.-Atty. Ford regrets that
Mr. McKeag did not cash the check and
thus strengthen the case. Instead the
Mayor was apprised of the circum-
stances and prompted John W.
Kemp, who was Thompson's attorney, to
make the application. After
this placing the defense on guard
the District Attorney's office was
taken into confidence.

Thompson, through his attorney, in-
sists that he is bound for himself and in
the full \$3500 or \$3500 was
the regular fee for saloon licenses in
Los Angeles, and without any intention
of defying the statutes in such
a manner and provided.

Deputy District Attorney Veitch yes-
terday drew a new complaint charg-
ing Thompson with the crime of bri-
bery for which the maximum pen-
alty is ten years in the penitentiary.
Should the grand jury for any reason
fail to return the expected indict-
ment prosecution will be made under
this complaint.

Thompson himself is a study solved
by no two visitors alike. To one he
is a simple, guileless country bumpkin
involved in an intrigue, the mean-
ing of which is far beyond his ken. To
another he actually acted in what he
believed the proper and legal way to
establish himself in business, and to
still others he gives the impression
that he is all the prosecution expect-
ed him to be.

Mrs. Fickelissen maintains offices in
the Severance building under the
name of the Main Realty Company, of
which concern she is the president.
The "company" appears to do a free
hand in real estate and commission
business and is known to have
various transactions to realty men
throughout the city. She is not a
member of the Realty Board and it
was stated there yesterday that little
is known of her or of the business she
conducts.

DIGS UP AN OLD ONE.

Section of Penal Code. Almost
Archaic. Unearthed by Teacher
Prosecuting Pupil's Father.

For the first time in years that section
of the Penal Code which applies to
the abuse of public school teachers
in the presence of their pupils, was
invoked in Judge Chambers' court
yesterday when C. L. Welch, a
teacher of the Ramona school,
Hollywood, appeared against John
Walker, of No. 582 Lexington avenue.

to have been the subject of numerous
reprimands at the hands of Welch. A
warrant for Walker's arrest was issued.

Earl Martin of No. 102 North Har-
vard boulevard, and W. Boes of No.
1022 North Hobart boulevard, both
pupils, were cited as witnesses by the
teacher.

The genuine "KAYSER" Gloves cost no more than the ordinary kind, don't wear out at the finger "tips" and bear that mark of assurance of quality and reliability — the name "KAYSER."

In manufacturing "KAYSER" Silk Gloves no effort is counted too great to bring about that superlative degree of excellence, which gains recognition upon merit alone.

When offered the "just as good" kind — remember the Cross Roads WARNING — Stop — Look — Listen Stop — and consider that the "just as good" kind never equals the genuine.

Look — in the hem for the name "KAYSER." Listen — to the excuses offered for the absence of the maker's name — and insist on seeing the name "KAYSER" in the hem of the glove you buy.

A guaranteed ticket in every pair.

Short Silk Gloves, 50c, 75c, \$1, \$1.25, \$1.50
Long Silk Gloves, 75c, \$1, \$1.25, \$1.50, \$2

Angels There.
DUCKS PLUNKED BY CAP'S MEN.

McCredie Can't Stop Work of Dillonites.

Many Bumps Off Perritt Do Little Damage.

Six Hits Give Five Counts to League Leaders.

(By DIRECT WIRE TO THE TIMES)
PORTLAND (Or.) June 12.—[Exclusive Dispatch.] Manager McCredie shifted the line-up of the Beavers today in an attempt to break the losing streak, but oh, what the Angels did just to get even—well, 5 to 2 tells the story. Kores replaced Peters at first, as the latter has not been hitting the ball. McCormick filled in at short. Lober replaced Coulson in left field. Krapp started the pitching for the locals, while Perritt served for Los Angeles.

Los Angeles watched the horse parade of the Rose Festival, then went out and played home with McCredie's bunch, secured the third straight win in the series, seven straight this year, the Angels on the home lot.

When the official scorer completed his arduous labors he found that Perritt had been beaten 11 runs down off the bat. Points of Los Angeles, good for two runs, while the visitors had a total of five runs registered on six scattered hits.

Eugene Krapp, however, was free with his bat, and this combination of Goss Fisher's ability to stop the intruders on the paths, saluted the frame away. The Angels stole seven bases, two being double steals for two of the runs. Krapp gave way to Krause in the ninth inning, who had four to one against him, and hence aped magnificently ball, the last four innings.

It seems almost a shame to tell how it was done for the Los Angeles fans know that it was. But the game was over. Goodwin had one in the ninth, went out, McCormick to Kores, but that mattered not for one run was coming when Ellis walked. Then Krause fled to Chadbourn. Ellis again had one in the ninth, and continued hitting Ellis, but was out trying to reach second. Fisher to Rodgers.

In the fifth when the Angels made three runs, oh, my, it was awful, but all you had to do was hit the ball and run, and sometimes it was not about being ready to hit.

Hits by Boles, Goodwin and Ellis, a walk, Krause's sacrifice fly and a conglomeration of stolen bases were fatal to the Beavers in said fifth inning. Margaret and Ellis had a double, while the Junction and the Angels went to third when Rodgers' return throw to the plate went low.

Krapp then gave way to Krause, who baited for him in the fifth, and rapped out a single. Los Angeles then had a walk, while Krause and Chadbourn kept pace with Kores and banged out three hits.

Krause allowed only one hit in the four innings, but, unfortunately it was passed to him. Margerit sailed to the wire to third on Hedges' hit and he and Howard pulled the second double steal. Fisher throwing low to third after having Margerit safely stealed.

It was ratted the right-field fence in the ninth inning, for a double, scored Portland's final tally. The other counted in the fourth frame on hits by Rodgers, Kores and Doane.

Margert and Ellis were a whole team in themselves for the league leaders. Margerit scored two hits and two walks and pilfered three bases.

Score:
LOS ANGELES 5 PORTLAND 2

Bravo.
INDOOR MEET
GREAT SUCCESS.

Excitement Rampant Over Close Finishes.

Kelly and Thomson Thrill in Hurdles.

Records in Every Event Are Splendid.

The first regular indoor meet ever held in Southern California was staged last night at the Los Angeles Athletic Club, and judging from the hit it made with the spectators, indoor meets are going to be all the rage from this time on. There was not a dull moment during the evening and not a single race was won by more than a couple of feet, most of them being decided by inches. The Track and Field Committee deserves a world of credit for pulling the affair.

The most exciting race of all was the 40-yard dash. After three heats had been run, Throop, Kelly, McClure, Johnson, Courtney and Jim Donohue lined up for the final. At the crack of the pistol they were off in a mad dash, but the race riveted the whole bunch at the finish. Kelly, Johnson and Courtney were the three picked for places and after a terrible amount of argument it was decided that Kelly and Johnson had tied for first, with Courtney third.

FAST THREE HUNDRED.

The 300-yard race on the track proved to be a fast one. Kelly, McClure got off in front and led for the first lap, but Berger passed him like a shot on the straightaway and Millman also passed him before he could speed up. Berger led to the last turn, when he slipped just a little, and Millman beat him to the tape by a scant four feet.

The 200-yard race was perhaps the most spectacular event of the evening. Only two men started, Sweeney and Elmendorf. Sweeney having defeated Elmendorf, Sweeney had won in the 400-yard race in a close finish. For five laps Sweeney led, with Elmendorf right on his heels.

CLOSE FINISH IN HURDLES.

The exhibition high hurdle race between Fred Kelly, Fred Thomson and Jim Donohue, all-round aspirants, was an awful thing. Jim got off a fine start, but in the middle between the first and second hurdles, Kelly and Thomson raced together over the third hurdle and over the line right together. Kelly getting the decision by a nose.

In the next race there was not much to do but the Donohue brothers, Jim and George, who seemed to have the art of navigating in a hobbie skirt down to a fine point. The race was so close and so exciting that after much enthusiastic applause the two brothers consented to encore and ran the race over again, Jim winning by about three inches.

Results:

Pole vault—Jim Donohue first; Bob Donohue second; Kendrick third; Billie fourth.

The 600-yard run—Sweeney first; Valley second; Elmendorf third; time, 1m 26s.

The 40-yard dash—First heat: Throop first, McClure second; time, 4m 4s. Second heat: Johnson first, Courtney second; time, 4m 3s. Third heat: Kelly first, Donohue second; time, 4m 3s. Final heat: Kelly and Johnson tied for first, Courtney third; time, 4m 4s.

The 200-yard run—Milman first, Berger second; McClure third; time, 1m 5s.

Jumping broad jump—Fred Thomson first; Ralph Nohie second; Ken Harvey third; distance, 10ft. 1in.

Obstacle race—Fred Thomson first, Goshick race—Jim Donohue first; Goshick race—Fred Thomson first; Goshick race—Jim Donohue second; Goshick race—Fred Kelly third.

The 400-yard run—Elmendorf first, Sweeney second; time, 1m 56s.

High jump—Bob Donohue first; Fred Thomson second; D. F. Foss third; distance, 40ft. 1in.

The 40-yard high hurdles—Kelly first; Thomson second; Donohue third; time, 5m 4s.

High jump—Patterson first; Thomson, Kendrick and McNeil tied for second; height 5ft. 6in.

Relay—Won by U.S.C.

To continue laugh factory another week.

Some of the principals of "C. O. D." which is making such a hit at the Burbank. James Corrigan is on the left and in the top row are Richard Sterling, Jeffries White and Donald Bowles. The girls, from left to right, are Eudie Markey, Selma Paley and Beatrice Nichols.

On the Road.

THE TIMES PATHFINDER BLAZING RACE TRAIL.

BY BERT C. SMITH.

[BY DIRECT WIRE TO THE TIMES.]

FRESNO, June 12.—[Exclusive wire from Bakersfield] After a nerve-racking drive across the plains from Bakersfield the official Pathfinder for the Panama-Pacific road race reached Fresno this evening. Every town in the valley between the oil city and Fresno wanted to be on the road map; after a careful effort was made the road that will include the most cities was chosen and can be announced tonight for the first time.

Bert Dingley is driving the Times-National official pathfinder and is accompanied by a car of three other cars. At the wheel of another National is Ed. Swanson, one of the greatest drivers in the race. With him is Bert Hooper, who is to be the relief driver. Fred Mitchell is pilot of the second National and Jim Delano is with him. W. H. Brisco is pilot of the third car and with him is Bob Adams, who will handle the car from Bakersfield to Fresno in the race.

According to estimate Dingley said tonight that the first car should reach Bakersfield at 4:15 o'clock on the morning of July 4, and should be passed by 7:30 and 8 o'clock the day of the race. He believes the latest news of the race track, secured what maps are necessary and then takes the circuit on the one mile speedway before being sent away for Fresno.

Keen interest is being taken in the plans for the fourth race, and the possibility of a serious accident with almost fifty cars on the road makes every fan eager to learn the latest details of the contest. Thousands of spectators will watch the race in Bakersfield where the first cars should arrive at daylight the day of the big event.

Delano is not included in the route for the big race. Dugor will be passed by 7:30 and the race will be run through Fresno to Terra Bella and through Porterville, Strathmore and Lindsay and thence across to Tulare.

After leaving Fresno, twenty-two miles from Bakersfield, we drove straight across to Terra Bella and on to Porterville. Jay Booth, who has charge of the race at Porterville, met us at Bakersfield with his National and piloted us all the way into his city.

From Porterville we drove direct to Lindsay where the cars are to be checked and then entered the main streets of Tulare. From there our route was laid through Goshen, Traver, Kingsburg and Malaga to Fresno, where the official checking station was made in the heart of the rail road city at the park.

From Fresno we drove to Stockton, where the Nationals were turned wide open across the level stretches toward Stockton to San Francisco will be selected.

The official checking at Bakersfield

AMERICAN POLO TEAM REBUILT FOR MATCH.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, June 12.—[Special Dispatch.] The Polo Association today announced the new line up to take the field against the British cup challengers for the international polo cup at Meadowbrook on Saturday. L. E. Stoddard will be No. 1; Larry Waterbury, No. 2; Harry Payne Whitney, No. 3, and Doverentz Milburn, No. 4.

The English string is made up of animals from Great Britain, France, Australia, India and the Argentine, with a few from California; but the most brilliant is the team so very American, and the English string is made up of new four-footed favorites.

Cities and Towns of Los Angeles County. NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

A CHRISTMAS TREE IN JUNE.

Pasadena Women Make Success of Novel Plan.

Glanders Threatens Lives of the Fire Horses.

Money Being Raised for Gettysburg Heroes.

PASADENA, June 13.—A Christmas tree in June caused no small sensation in the city yesterday. The members of the Ladies' Union of the Neighbors' Congregational Church at the corner of West California street and Pasadena avenue, at the edge of the Orange Grove avenue millionaire residential district, who needed funds for several charitable undertakings, decided to have a Christmas tree. T. P. Lusk, a director of the Pasadena Board of Trade, will discuss the planting of trees on the ocean-to-ocean highway.

TAKES NEW OFFICE.

Burdett Moody, former chief engineer of the city water department, who resigned his position as chief of the new City Commission, yesterday was appointed a representative of Pasadena on the Inter-City Commission. He will take the place of J. W. Burt, who recently resigned.

The Inter-City Commission will hold its June banquet tonight at the Hotel Maryland. It will be one of the important meetings of the year.

Other cities will be represented.

T. P. Lusk, a director of the Pasadena Board of Trade, will discuss the planting of trees on the ocean-to-

ocean highway.

GIVES UNTIL MONDAY.

Miss Mary Miller, whose hospital at No. 1235 North Stevenson avenue the North Shore Inn, was the place where she was trying to dislodge, appeared before the City Commission yesterday and delivered her ultimatum.

She says that if the association which owns the property for \$3600 before next Monday, she will deliver a deed for it, but that if it is not purchased by that time she will remain where she is and fight for her rights.

The association members have been trying for months to force the woman to abandon her hospital, they having made the claim that tubercular patients are received.

EXERCISES IN PARK.

Pomona Schools Introduce a New City by Holding Graduation Ceremonies Under the Trees.

POMONA, June 12.—This afternoon at Ganesha Park occurred the graduation exercises of a class of eighty grammar grade school pupils of the Pomona schools. Of the twenty-nine were from the San Antonio grade school, twenty-eight from the Central school and twenty-three from the Hamilton school. The Central school orchestra, under the direction of Miss Anna Schaefer, and the band, under the direction of Mr. W. H. Murphy, of the city schools, furnished the music. Rev. C. R. Hudson, superintendent of the city schools, delivered an interesting address to the classes and the diplomas of graduation were presented by Superintendent R. Murphy of the city schools.

Following the exercises, which were enjoyed out-of-doors in the picturesque park the graduates served light refreshments to their parents.

Graduates served light refreshments to their parents.

NEWS BRIEFS.

The City Council has passed on its first reading the anti-smudge ordinance, which has been in process of preparation for some time, the result of the deliberations of the committee appointed to look carefully into the proposition and which made recommendations to the Council. The ordinance provides a heavy fine for any person who fails to use open smudge pans or pots, cans or buckets or any receptacle other than regular orchard heaters with stacks or draft attachments, and it will be unlawful for any person to smoke in the field. The ordinance also contains a provision for orchard heating purposes in the city. Provisions are also made for the appointment of an oil inspector and heater inspector.

The ladies who gave the entertainment were so interested in the success they had that they have determined to have a June Christmas tree each year.

MAILOSE FIRE HORSES.

The suspicion that there was glanders at the Dakota street fire house has been dispelled. The horse, which had been killed and cremated and six others are now being watched for symptoms of the disease. As the disease is very contagious it is not impossible that the number will have to be killed. Daily examinations of them are being made.

If there should be, as feared, an epidemic it will be an especially serious matter. The city cannot be without fire departments and it is not the policy of the city to purchase more horses, as Chief Clifford of the department has long recommended that the use of horses be abandoned and an apparatus installed. The proper funds for the change were lost at the last bond election.

The Commissioners are doing nothing yet other than carefully to watch the situation. The Dakota street station is the only one of the fire stations of the city and if the fears are realized it may soon be without horses to draw the apparatus to the scene.

GIRLS TWO TO ONE.

The High school class of graduates of the Pasadena High School will graduate yesterday. There are 140 of them, of which ninety-one are girls and forty-nine boys. Last year there were fifty-one boys and fifty-eight girls.

This will be the largest class that will ever have been graduated from the school.

MONEY COMES QUICKLY.

Yesterday saw a liberal response to the campaign for funds with which to defray the expenses of the veterans who cannot afford to pay their own expenses to attend the national celebration at the Gettysburg battlefield next month. Three thousand dollars is needed to send all of those who are able to go and who cannot afford personally to pay their way.

Of the money subscribed yesterday \$200 came from the First National Bank, \$150 from J. P. Morgan and \$100 from the J. P. Morgan Company.

FINANCIAL FAILURE.

City Commissioner Loughrey declared yesterday that the garbage incinerator is not a financial success the way it now operates. He says that if enough money could be collected to keep it in operation it would no doubt be operated at a profit, but that the way it now has to be run it is a luxury.

"I doubt," he said, "whether there is enough garbage in Pasadena and South Pasadena to make it worth

the present cost.

President Hermes of the organization, presided and introduced as the main speaker of the evening, W. A. Connelly of the Newport Beach Chamber of Commerce at a banquet served last night at Cooley's Cafe at East Newport. Perhaps the finest spread ever to have been served in the city was enjoyed by those present.

Those present at the banquet were R. Mills, Robert McVicar, George P. Wilson, J. P. Greeley, Horace Little, H. B. Cooley, J. R. Roberts, W. Beckwith, Glenn L. Martin, Albert Hermes, W. A. Cornelius, Al Roush, Low W. Wallace, Charles V. Shaw, George W. Kelllogg, Nelson T. Shaw, J. J. Schnitzer, Max W. Reichelbach, W. W. Wilson and William Goodell.

WILL ENTERAIN.

Confronted with the condemnation of the auditorium and the probable closing of the Chamber of Commerce seeking for the housing of the various picnics and gatherings which come here every summer, and for some of which all arrangements have been made, this morning appointed a committee to consult with the city offi-

cials to secure temporary entertainment quarters, and a home for the evening concerts of the municipal band.

The Council will be asked to either provide an immense tent to be placed on the beach, or else a lathed and latticed pergola. The latter will be more expensive and perhaps more practical. The summer season is here and it is felt some provision should be made for the picnics and gatherings.

BOOSTING PARTY.

With pennants bearing the inscription "Long Beach," the fastest growing city in the country, flying several yards on the machine, a party of four left Long Beach this morning in rebuilt Oldsmobile for an overnight tour to Kansas City and back.

The party was made up of W. L. Lyon, O. S. Lynde, Normal Abel and LaMarr Lynde. They carried a camp equipment and expect to be gone two weeks.

NEWS BRIEFS.

The railroad tracks at the Craig shipyards will be extended further through the yards to connect with the two new ship berths where the two government submarines are to be built. The Craig secured these vessels through a sub-contract with the owners, from which he received a contract for \$560,000 each.

E. Johnson is held by the police pending investigation of serious charges made by a woman who was his companion for Johnson's invalid wife two hours each day. She was met at the designated place by the man, who explained that the one-room house was only his office and invited her to talk over terms. Then he locked the door, pulled down blinds and made advances which were rejected, and the woman threatening to leave.

Mrs. E. Z. Clements, 70 years of age and a native of Ohio, died this morning at her home on Rhea street. The remains will be taken to Waynesville, O., for burial.

VAN NUYS CLOSES DEAL.

Final Papers Locating Pioneer Factory at That Point Are Signed. Short News Stories.

VAN NUYS, June 12.—The final papers in the location of the new piano factory in Van Nuys were signed today, and work was started at once upon the erection of a monster sign upon the future factory site.

The sign, which is 100 feet long and 20 feet high, will be erected to the usual week-end visits to the

track.

REDONDO BEACH.

REDONDO BEACH, June 12.—Ham Warman of Belvidere, from east of here, in a fit of homesickness, has been spending his time while laboring under a serious ailment, to get him out of the house. His mother declares the boy has only his office and invited him to talk over terms. Then he locked the door, pulled down blinds and made advances which were rejected, and the woman threatening to leave.

Mr. Ruth Jordan, called on the boy's mother yesterday and found him gone. He telephoned to the Cucamonga and Redondo districts to inquire if he had disappeared. He received a letter from his son.

Mr. E. Z. Clements, 70 years of age and a native of Ohio, died this morning at her home on Rhea street. The remains will be taken to Waynesville, O., for burial.

REDDONDO BEACH.

REDDONDO BEACH, June 12.—The war between the Pacific Electric and Santa Fe relating to crossing rights at two points in the Cucamonga and Redondo districts broke out again last night with both sides determined to make their case.

The Pacific's electric and track loads of the Redondo were to be taken to the Cucamonga and the Santa Fe's to be taken to the Redondo.

The Redondo's electric and track loads of the Redondo were to be taken to the Cucamonga and the Santa Fe's to be taken to the Redondo.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.
Because one of the two members of the Public Utilities Board will leave tonight for several weeks in the Middle West, the Mayor is anxious to appoint a third member so that public work may not be delayed. He conferred with the Council members yesterday, seeking to get their agreement to confirm when he sends in his appointment. He may also name a third member of the Harbor Commission.

The Legislation Committee heard protestants yesterday on the amendment to the liquor ordinance proposed by the Police Commission. Limiting the hours on Sundays when liquor may be served. Such divergence of opinion was expressed that the subject was taken under advisement for one week.

The vehicle tax ordinance as revised was approved by the Legislation Committee yesterday, and will go to the Council next Tuesday. If the ordinance is adopted it is quite likely referendum petitions will be circulated.

Two widows are at law in Judge Houser's court over provisions of a will, in which one charges the other with coming between her and her late husband, a doctor.

At the City Hall.

MAYOR MAY FILL VACANT PLACES.

WANTS NEW MAN AT ONCE ON UTILITIES BOARD.

Also Likely to Name Appointee on Harbor Commission Before Closing His Term of Office—He's Seeking Agreement of Councilmen to Confirm Proposed Appointees.

Appointment of the third member of the Board of Public Utilities and the third member of the Harbor Commission within the next few days is the programme of the Mayor, provided he gets the consent of a majority of the Council to confirm his appointees when they are presented.

The Mayor conferred with several of the Council members yesterday on this subject, and it is understood that they agreed to give their endorsement, but when he left the office last evening he had not yet received the consent of a majority of the Council and stated that he didn't know what the outcome would be.

Heretofore the Council has been very chary of giving its confirmation to the Mayor's appointees, but it is likely to have to investigate. In fact, this has become unwritten law—and even then the Council sometimes balks and refuses to give the desired consent.

But in one of the cases at hand, the public during the last few days there have been only two members of the Public Utilities Commission. The board is now composed of O. O. McReynolds and Martin Bekins. Bekins leaves tonight for a trip to San Francisco. O. O. McReynolds and will be absent several weeks. This leaves no quorum, and President McReynolds can only carry on routine business until the third member is appointed and confirmed or until Bekins returns.

There are several matters of importance pending before the board, and for this reason the Mayor is anxious to give President McReynolds a assistance.

As to the Harbor Commission, about the only apparent reason for any appointment is that the third member is that the Mayor may leave his office with both these commissions filled. Presidents Woodman and Commissioner Gordon have expressed themselves as satisfied with the present arrangement, and have declared that they will be bound to the harbor affairs expeditiously until the volume of business increases.

The Mayor refused yesterday to discuss the personnel of men he has in mind for these appointments. The plan of the Harbor Commission provides a salary of \$250 per month, while that on the Public Utilities Board has no salary, only the president of this board receiving pay for his services.

Mrs. Fowler Visits Market.

The Mayor made an official inspection of the fruit and market yesterday afternoon, in company with Market Superintendent O'Brien, and returned to his office highly pleased with the activities he witnessed. He suggested that arrangements be made to provide shelter for the vegetable and fruit dealers, and it is probable that a plan will be devised to erect temporary buildings. The Boyle Heights market has the credit of being the best-patronized of the markets now in operation. Seven more new places are to be opened as soon as market days provide. It is probable that this will not be until the opening of the next fiscal year.

It's Under Advisement.

The Police Commission's recommendation that the hours be limited for Sunday serving of drinks by hotels and restaurants was before the Legislation Committee of the City Council yesterday, but action was postponed one week.

John H. Mitchell, representing the Hotel Men's Association, and John Brink, representing the first-class restaurants and cafes with several other hotel and restaurant men, appeared before the committee and urged that the amendment not be recommended in its present form.

Mitchell declared that there is sufficient law at present, if it is rigidly enforced, but asked that if a change is deemed desirable the hotels be excepted. Brink wanted the first-class restaurants to be excepted, but it was suggested that as most of the trouble over Sunday drinking arises from the cheap restaurants north of Second street, these alone be subject to the limitation as to hours of service of Sunday.

Such divergence of opinion was expressed that the committee decided to take the subject under consideration for a week.

Vehicle Tax Ordinance.

Approval of the Legislation Committee was given yesterday to the vehicle tax ordinance, and this recommendation for its passage will go before the City Council next Tuesday. It is reasonably certain that the tax will be submitted to referendum, as several business organizations have declared that they will start such petitions that the ordinance be adopted.

It provides for the collection of a

tax on delivery wagons of \$2.50 per year, animal for horse-drawn vehicles, \$1 per year, and for motor-driven delivery vehicles of a capacity of one ton or less, and \$3 additional for each additional ton capacity.

On passenger vehicles the rate is \$2.50 per year for vehicles of 20 or less, \$5 per year for such vehicles in excess of thirty horse power, and not more than forty-five horse power, and \$10 per year for motor-driven vehicles of more than forty-five horse power. For horse-drawn passenger vehicles the charge is set at \$2.50 per annum.

Vehicle taxes become due on January 1 of each year, but one-half the rate can be charged for vehicles that go into use after July 1 of any year.

Contributions Desired.

The City Engineers sent to the Legislation Committee yesterday a recommendation that inasmuch as the maps that are being prepared by his department to show the underground construction in streets and alleys will be of great value to the business corporations, a charge be made of a certain amount per foot for construction in the streets, to offset the cost of such map making.

These were primarily undertaken for the purpose of securing data for the city's proposed distributing system for aqueduct power, and the Council appropriated \$12,000 for this purpose.

After a general discussion the committee recommended that the Board of Public Works present the subject to the utility corporations that render services in the streets, and ask them whether they are willing to make voluntary contributions of their proportionate share of the total cost of this work.

City Hall Brevities.

Notwithstanding the action of the City Council in adopting a resolution turning over the control of the Los Angeles aqueduct from the Public Works Board to the Public Service Commission, the Board has voted to retain the original resolution of a formal resolution to this effect at the last session, the Board of Public Works has determined that this department shall not pass out of its control until the final and complete invoice is completed. This will require about two weeks' time.

The public hearing on protests against the application of the Pacific Electric Company to have a 500-acre railroad franchise will take place before the Public Utilities Commission this afternoon. The quarters of the board are so crowded that it is probable that the hearing will be held in the Council chamber.

The City Prosecutor is preparing an ordinance to prohibit minors throwing dice for pennants at stands where the pennants are used as stakes.

Health Commissioner Powers recommended to the Board of Public Works yesterday the construction of a sewer, for sanitary reasons, in Franklin street, between Venice and Hollendale avenues.

At the Courthouse.

WIDOWS LITIGATE OVER LEGACIES.

ONE CHARGES OTHER WITH HER HUSBAND'S DECEPTION.

Depositions of Women Reveal Alleged Rivalries for Late Doctor's Affections—Earl and Board of Supervisors Blamed for Expensive Hall of Records Suit.

Tragedy stalks in the depositions of Mrs. Nettie M. Fowler and Mrs. Julia Irvine Tripp, widows, one past the meridian of life and work, with a career of teaching; the other in the full bloom of womanhood, now opponents in a bitter will contest in trial in Judge Houser's court. The depositions were read to the jury yesterday, relating according to Mrs. Fowler, the infatuation of the late Dr. Edward Fowler, the aged educator, for witness Mrs. Tripp, half his age, and the other alleging the unscrupulous and unwarranted jealousy of the doctor's wife.

Mrs. Fowler details a telephone conversation she overheard. Dr. Fowler was telephoning from his apartment, but left himself alone.

"He called her dear," Mrs. Fowler deposes, "and sent her a kiss. Evidently she sent it back. I heard him say, 'No, dear, don't you be worried, I am not ill, I am getting along fine from home. It is perfectly and absolutely safe. It is always safe at this time of day; there is never any one on this floor at this time.'

Mrs. Fowler says she did not see her husband should take another woman to the matinee when his own wife was available.

In pursuance of this alleged telephonic conversation, she wired to Mrs. Tripp. It was the first opportunity she had had of observing the woman who had come into her life. She says Mrs. Tripp did not ask her to sit down, but rather, as she has since learned, she sat down. Mrs. Fowler related the conversation over the wire. She says Mrs. Tripp was visibly agitated.

Mrs. Tripp asked Mrs. Fowler, "What are you going to do about it?" Mrs. Fowler replied that she did not know.

The conversation between you and my husband shows that this matter has gone far enough; it is apparent that it ought to stop," she told Mrs. Tripp.

"My husband will protect me," replied Mrs. Tripp. She told her that she meant Dr. Fowler in love with another woman, and was mistaken. Mrs. Fowler deposes that Mrs. Tripp declared her life was in her hands. She says she threw herself on her knees, prostrating with her hands.

As soon as I finish talking to you I have an appointment with your husband," Mrs. Tripp replied.

Mrs. Fowler, Mr. Tripp and I have always been an ideally happy couple. Don't plant a seed like that in my husband's brain. He idolizes me; my children adore me. Please.

Mrs. Tripp says she put her arms around Mrs. Fowler's neck and said:

"As woman to woman, don't do anything like that. There is nothing worse between me and your husband than there is between me and that marble statue."

Mrs. Fowler replied:

"Well, we, Mrs. Tripp, you are a very beautiful woman, and I can't see what you would want with an old man like my husband."

She asked Mrs. Tripp to write a letter at her dictation in effect that she would never see Dr. Fowler again un-

less in the presence of Mr. Tripp. Such a letter meant nothing, Mrs. Tripp declared, and she refused to do it.

Mrs. Fowler will probably take the stand today.

COUNTY'S HEAVY LOSS.

The county's loss of the heavy suit brought by the California Furniture Company on its balance on the bill of lading is now known. Mrs. Frank Stoddart, chairman of the board of directors of the Florence Crittenton Home, has expressed the desire to interest in the matter. The judgment against the county is for \$84,000, with \$5,000 additional in interest.

The furniture company attorney in the case, Oscar Lawler, speaking of the matter after judgment was rendered, showed where some of the responsibility for the taxpayers' loss lies.

"E. T. Earl and the Board of Supervisors have been directly responsible for the expenditure of from \$10,000 to \$15,000 in the defense of this suit which the county had the slightest prospect of winning, from having reflected on the integrity of one of the most reputable firms in California and deprived of money which due for more than eighteen months."

"In the first place, they employed a man who had been discharged from the California Furniture Company with the grand jury, to inspect the furniture of the building.

Despite the fact that he was pronounced to be mentally irresponsible, they employed him at \$100 per month to represent on his testimony in this suit.

"The charges of fraud made by Earl and the Supervisors were twice investigated by the grand jury, but the county had to bear the expense of the inquiry. Detectives were employed by the Board of Supervisors for four months and drew pay from the county to investigate the charges made. Finally, the Board of Supervisors made a contract with C. C. Anderson & Anderson, Earl's personal attorneys, to defend the county in the suit for \$100 per month.
